

CTP-16 Base Plate: Mark Finish (x); Plate Size (x); Tie Length (x); Tie Finish (x)

1"(25mm)x2" (50mm)

16 gauge(1.5mm) Carbon Steel ASTM A 1008

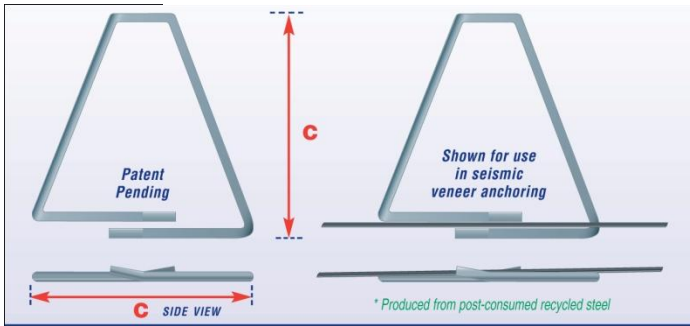

- Hot Dipped Galvanized (H.D.G) per ASTM A153, C1, B2
- Stainless Steel (S.S) Type 304 per ASTM 167

Wall Tie

The CTP WT-Tie is a multifunctional triangle wall tie that can be used in Standard or Seismic Anchoring Applications Finished in Hot Dip Galvanized Steel or Stainless Steel

The CTP WT-Tie is a Multifunctional Triangle Wall Tie

Material:

- 3/16" (4.76mm) Diameter Wire
- Carbon Steel per ASTM A 82
- Stainless Steel (S.S) Type 304 per ASTM A580

Finish:

- Hot Dipped Galvanized (H.D.G) per ASTM A153, C1, B2, 1.50 oz/f1² min.
- Stainless Steel – Clean and Dry
